CALL FOR PAPERS

5th International Conference on Electrical Sciences and Technologies in the Maghreb

The International Conference on Electrical Sciences and Technologies in Maghreb (CISTEM) is a federative event that brings together the Maghrebian and European electrical specialists. It is also a valuable exchange channel aiming to increase inter-Maghreb interactions and international visibility. CISTEM 2024 foresees the participation of international exhibitors, as well as round tables exchanging the experiences about cooperation between Industry and University, and aims to reinforce North-African networks for research in Electrical Sciences and Technologies and extend them to European ones.
